*OWMM helps people with special needs that have been injured in terrorist attacks overseas in countries like Iraq and Syria*

## MISSION STATEMENT

OWMM is a global non-profit humanitarian organization dedicated to providing relief and empowering oppressed members of multi ethno-religious communities in the Middle East. Our vision is dynamic and ever-evolving that sees a future time in which our people's human rights are restored, their humanity is universally respected, their capabilities are re-empowered and their lives are re-energized with hope. We aspire to be the world's most engaged, effective and visible humanitarian relief provider and being advocates of defending, protecting and ensuring the human worth and capabilities of Middle Eastern minorities including the people in our homeland Iraq and in the global Diaspora. We have been volunteering and donating to third world countries since 2007, and plan to continue to do so.

## RECENT ONSITE CAMP

**July 21, 2019** | Dental clinic in Hassam Sham in Kurdistan to help the IDPs of Mosul's people. OWMM aided a total of 382 patients in their dental clinic. These visits range between examinations, x-rays, dental extractions, restoration, root canal treatments, scaling/polishing, as well as pediatrics.
